

Centennial High School

Memorandum

From the Desk of:

Robert E. Caricato, Athletic Director/Assistant Principal

Re: Athletic Locker Rooms

The locker rooms at Centennial High School are made available to student athletes during practice and competition throughout the Fall, Winter & Spring Sports Seasons. Although locks are provided to student athletes the physical structure of these lockers do not provide adequate security to protect valuables. Due to this issue students utilizing the locker rooms after regular business hours are not allowed to store valuable items such as cell phones, I Pods, wallets, purses, etc. in locker rooms during practice or competition. We ask that these items be stored in a more secure place such as the school issued lockers or to be left at home.

Thank you,
